Welcome to Saskatoon Inn & Conference Centre.

We have prepared this directory to provide you with information on the services offered by the Hotel, as well as some points of local interest. We hope you find this directory useful during your stay.

Please be conscious of security issues while travelling away from home. Information in the Safety & Security section of this directory is designed to prepare you for the unlikely event of an emergency alarm during your stay, and to ensure maximum safety for you and your belongings.

If our associates can do anything to make you more comfortable during your stay with us, please let us know at any time. Thank you for choosing the Saskatoon Inn & Conference Centre. Your business is appreciated.

We hope to see you again.

Sincerely,

The Management & Associates

FAX & VOICE MAIL

FAX INSTRUCTIONS

The Hotel's guest fax number is 306.244.2779. Our Front Desk will receive or send faxes for you at a nominal cost, please contact the Hotel Operator for assistance or pricing.

VOICE MAIL

When you are unable to answer calls to your room, Saskatoon Inn & Conference Centre Voice Mail answers them for you. Callers are informed that you are not available. Messages can be left for you automatically, in detail, in any language and with complete confidentiality.

WHEN YOU CHECK OUT:

Messages can no longer be left for you after you have checked out. Any unread messages still in your mailbox when you check out will remain there until the room is checked into again. As long as the room remains vacant you can access your unread messages in the usual fashion.

TO HEAR MESSAGES FROM YOUR ROOM:

The light on your telephone will flash when you have a new message.

To retrieve your messages:

- Lift the handset and dial 2500 and follow the prompts
- To play the messages dial 7
- To keep the messages, dial 5
- To discard the messages dial 3

YOUR PASSWORD

When you check in, your password is initially set as your room number, you can change your password by pressing 8 and following all prompts.

DELETING OLD MESSAGES

Unless you delete your messages, they stay in your mailbox until someone else checks into the room.

FAX & VOICE MAIL

TO GET HELP

If you have trouble while accessing your mailbox,

- Dial * at anytime

If you would rather speak to an attendant:

- From inside the hotel, dial "0"

OTHER MAIL

If you have other messages at the Front Desk, the red message light will flash. To retrieve, dial 0.

SAFETY & SECURITY

IN CASE OF FIRE

Chances are that you will never be involved in a hotel fire however, please take a few minutes to read this page and it will prepare you in the event that such an emergency should arise.

UPON ARRIVAL

Before entering your room, look around and establish the route towards the fire exits which you would take in case of a fire. Locate and confirm the position of the fire alarm and extinguisher on your floor.

IF YOU DISCOVER A FIRE

Pull the nearest fire alarm. There are two on each floor located near the stairwell. If possible close all doors around the fire area in order to keep the fire from spreading. Immediately telephone the hotel operator to report a fire, please dial 0.

If you cannot reach them, call the local fire department. Dial 9 for an outside line, then dial 911. If possible, exit the building by a stairwell. DO NOT use the elevator. Stay calm, do not hurry, and keep relaxed.

IF YOU HEAR AN ALARM

A continuous bell signifies that it is imperative that you evacuate your room. Take your room key with you as you will need it to gain access later after the "all clear" has been given. With your hand, test the door to the hallway to see if it is hot or cool. Inch the door open if it is cool. Close the door quickly if there is smoke in the hall. If the hallway is clear of smoke or fire, head for the nearest exit. If the hallway is smoky or dark, hug the walls as you make for the exit. Keep low to the floor. Check the exit door for heat prior to opening. If the stairwell is safe, then exit down to the street level. Avoid elevators. In case of fire, elevators do not operate.

IF YOUR EXIT IS BLOCKED

Go back to your room. Should your stairwell start to fill with thick smoke, and your exit turns out to be unsafe, return to your room. It is the safest place to be.

IF YOU CAN'T LEAVE YOUR ROOM

Stay there. If you cannot exit, it is the safest place to be. Telephone the switchboard operator and tell them your location – dial 0. If you cannot reach them, call the local fire department. Dial 9 - 911. Stuff wet towels under the door, and in the air vents, to stop the smoke from seeping in. Turn off all fans and heaters. Remove all drapes from the windows, in case fire should enter through a window, no fabric should be nearby. Fill your bathtub. Keep plenty of water in the tub and have ice buckets and wastebaskets nearby for carrying water. Signal your presence by hanging a wet bed sheet out your window. This will inform the fire department your room is occupied. Stay calm. Do not hurry, keep relaxed.

GUEST SAFETY TIPS

1. Don't answer the door in a hotel or motel room without verifying who it is. If a person claims to be an employee, call the Front Desk and ask if someone from their staff is supposed to have access to your room and for what purpose.
2. When returning to your hotel or motel late in the evening, use the main entrance of the hotel. Be observant and look around before entering parking lots.
3. Close the door securely whenever you are in your room and use all of the locking devices provided.
4. Don't needlessly display guest room keys in public or carelessly leave them on restaurant tables, at the swimming pool, or other places where they can be easily stolen.
5. Do not draw attention to yourself by displaying large amounts of cash or expensive jewellery.
6. Don't invite strangers to your room.
7. Place all valuables in the hotel or motel's safe deposit box.
8. Do not leave valuables in your vehicle.
9. Check to see that any sliding glass doors or windows and any connecting room doors are locked.
10. If you see any suspicious activity, please report your observations to the management.

SAFETY TIPS FOR TRAVELLING WITH YOUR CHILDREN

1. Make sure you know where your children are at all times, and that they are properly supervised if you aren't with them.
2. Help your children identify adults, such as hotel staff with name tags, who can help if they need assistance.
3. Practice basic safety skills with your children, like checking with you, using hotel telephones, and locating the adults who can help if they need assistance.
4. Teach your children to say NO to anything that makes them scared, uncomfortable or confused and to tell you or the adult in charge immediately if this happens.
5. Teach children to check with you or with the adult in charge before they go anywhere, get into a car, or accept anything from anyone.
6. Make sure your children know their personal information, including their last name, address, home telephone number, parents' or guardians' name and cell or pager numbers for their parents or guardians.
7. Take a few moments and locate the nearest exit that may be used in the event of an emergency and discuss with your children how to handle an emergency situation.
8. Teach your children to keep the door locked and not to open the door for or talk to anyone who comes to your room, including people who claim to be hotel staff, unless you give them permission to do so.
9. If children are alone in the room, teach them to tell callers that you can't come to the telephone instead of letting people know that they are alone.
10. Enjoy your stay and contact a member of the staff if you require any assistance!
